Posting Date: February 02, 2012
Submission Deadline: February 08, 2012
Cristina Amaral, Consultant

Must be available for all shifts

(May be required to work anywhere within the program)

The 30 bed Geriatric Rehabilitation Unit and the 20 bed Musculoskeletal unit are part of Specialized Geriatric Services. We provide comprehensive geriatric assessment and management as well as an intensive rehabilitation program. Our patients are typically admitted from acute care and participate in our program for approximately 4-6 weeks. Upon discharge, our patients commonly return to independent living in the community. As an integral part of a expert health care team, this is an exciting opportunity for clinical learning and skill development.

Essential Qualifications

- Current R.N. certificate of competence with the College of Nurses of Ontario
- Certification or refresher in CPR, within the last year
- Experience and knowledge of the nursing care needs of geriatric patients requiring rehabilitation and patients requiring musculoskeletal rehabilitation
- Ability to establish positive relationships with customers and to work as an effective team member
- Ability to function autonomously and to adapt to constantly changing unpredictable situations, and varying workload
- Demonstrated ability to apply and document the nursing process
- Commitment to professional development
- Excellent organizational skills and problem solving skills
- Superior communication skills both written and verbal
- Ability to apply effective body mechanics and meet the physical demands of the position

Preferred Qualifications

- Minimum of two (2) years nursing experience
- Experience with an acute adult medicine population
- Experience with and knowledge of the specialized care requirements of the geriatric population
- CNA Certification and/or enhanced learning in Gerontology
